CACFP Week

As a childcare provider, you play a key role in children's lives. By working with children each day, *you* help them learn and grow. By serving them nutritious meals and snacks, you help them get the nourishment they need. YOU ARE **IMPORTANT!** Research shows a crucial relationship between nutrition, health, and learning. Daycare Provid-

ers are in a special posi-

tion to teach children, by

example -

1. What it means to eat for good health; 2. The importance of eating a variety of foods including fresh fruits and vegetables; and 3. The importance of eating at least one whole grain a day. More children are in daycare today than ever before. Some spend more time in daycare than at home. The USDAapproved meals and snacks served in your daycare home are an important part of providing proper care to the children entrusted to you. WE SALUTE ALL OF OUR PROVIDERS FOR A **JOB WELL-DONE!**

How to Properly Wash Fruits & Veggies

It won't be long and farmer's markets and fresh occurs before eating or hanfruit and vegetable stands will be popping up around the area. Here are some tips from the FDA for how to properly wash your fruits & vegetables. 1. Wash your hands for 20 seconds with warm water & soap, before and after preparing fresh produce.

- 2. If damage or bruising dling, cut away the damaged or bruised areas before preparing or eating.
- 3. Remove the outermost leaves of a head of cabbage or lettuce.
- 4. Rinse produce BEFORE you peel it, so dirt and bacteria aren't transferred from towel. the knife.
- 5. Gently rub produce under running water. No need to use soap or a produce wash.
- 6. Use a clean vegetable brush to scrub firm produce, such as melons & cucumbers.
- 7. Dry produce with a clean

cloth or paper

Observations from Virtual Monitor Reviews

During our virtual reviews we still need to check that certain requirements are being met. Here are some requirements we've noticed some need to improve.

- Whether you are on KidKare or bubble sheets, you must have at least ONE WEEK of preplanned menus
- made for a monitor to review. These are the meals you are planning to serve for the upcoming week.
- Your pre-planned menus must reflect what you are serving on the day of your review.
- You MUST have your Food Program Agreement (all 3 pages), your correct
- certificates (please pay attention to the expiration date), and the current program year's enrollment forms on site and ready.
- You must keep attendance records and menus up to date.
- Enter your meals at the end of every day.
 Yes, we can see when meals are entered online.

KidKare Troubles?

Do you live in an area that doesn't have the best internet options or connection? Are you entering your menus, only to find they didn't save properly? If for some reason you are having any difficulties with KidKare (due to internet), please send a text to the work

cell (304-320-2855), so that we'll know it's internet related problems. If you're having trouble with KidKare itself, and can't find the solution on their help page, then you can contact their help desk and put in a trouble ticket at: hxsupport@kidkare.com

Just remember they're an hour behind us, in the Central Time Zone.

**PLEASE NOTE: When your daycare children are doing remote learning, you MUST mark them on KidKare as "No School" and for the bubble menus, please make a note of it on your CIF.

Do's & Don'ts of Menus & Claims

Please look over your claims, before you submit them to make sure you haven't forgotten anything.

Most commonly found mistakes include:

1. If you serve a schoolage child Breakfast or Lunch, even if they are remote learning, you MUST mark them as "No School," because the computer doesn't recognize the current

2. You **MUST** serve a Whole Grain once per day and make sure to mark it. Remember for an item to be Whole Grain it needs to say 100% Whole Wheat,

pandemic.

be listed as WIC approved, or the first ingredient must be whole grain and the next 2 grain based.

Changes Coming to Menus...

If you are currently using KidKare, your accounts won't change. By May 1st, providers will start using KidKare and for those that can't, we will offer a new style of paper menus, because we are doing away with the scanner. They will no longer be bubble menus, but these menus will be handwritten and if you're writing is illegible or you don't mark

your Whole Grain, your meal for that day will be disallowed. You will be required to write out the food item and the number from the food chart, so instead of saying just "Chicken," you will have to write out, "24. Baked Chicken" or "31. Chicken Nuggets (not fried)."

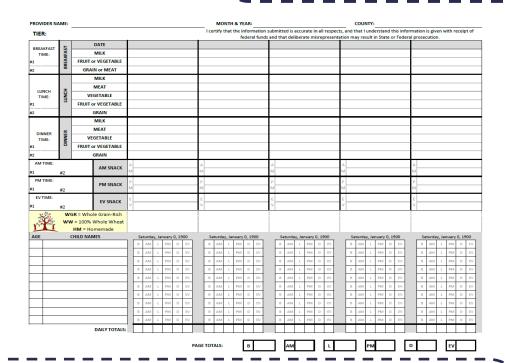

Below you will see a sample of the new standard menu:

Hello to all of our Providers! My name is Amanda Hall and I've been working as the Program Assistant for the Food Program, since September. While we

may have spoken on the phone or met through Zoom, I'm excited to get to meet you & your daycare kids in person! I look forward to learning more about the Food Program & nutrition, along with getting to know you all better. ©

This is what the new standard menu will look like; and we have different menus for infants and facilities not on KidKare.

Do's & Don'ts cont'd

- 3. Even if you watch a child from 6AM-6PM, you are only allowed to claim 2 meals & 1 snack or 2 snacks and 1 meal.
- 4. Fig Newtons are not to be served at all and if you claim Figs (#13 under

Fruit), it must resemble the picture to the right. Even dehydrated figs, will still have a lot of little seeds on the inside of it.

5. Peanut Butter is now going to be a **SNACK ONLY** item, due to the amount it takes to equal a proper serving of protein.

6. Enrollment Forms for new daycare children, must be submitted by the 25th of the month via an email with a .pdf attached, if you plan to claim the child for that month.

If you have any questions, call the office, we're here to help.

Celebrating CACFP Week

CACFP Week is a national education and information campaign sponsored annually the third week of March by the National CACFP Sponsors Association. The campaign is designed to raise aware-Child and Adult Care Food Program works to

combat hunger. The CACFP brings healthy foods to tables across the country for children in child care centers, homes, and afterschool programs as well as adults in day care. We at CASEWV's FDCFP appreciate all of ness of how the USDA's the hard work you do to take care of these children.

You are one of the reasons

they establish positive eating habits at the earliest stages of development and you help reduce future health care & education costs due to lack of proper early development.

Are you in our Facebook Group?

If you haven't already joined our Facebook group, now is the perfect time to do so! Just text the work cell number (304-320-2855)

and we can go from there. For those who are already in the group – Did you know you can advertise your business or any openings you have available there? If you make a post

that you're closed going to be closed, do not worry, we don't approve those for everyone to see, but it does get documented in the office.

Facebook posts regarding your schedule do not get posted, but do get noted in the office and on your Minute Menu calendar.

Provider Training

As many of you know, we do annual trainings with our providers. This year, because we want to keep our providers safe & healthy, we will be doing virtual trainings, instead of in-person. We will be utilizing Zoom and a variety of other options will be available to those who can't use Zoom.
